Jason--

Have since received a clarification. The board endorsed the idea but didn't take a vote for a reason I can explain. At least one member wanted us to make sure this was the best possible solution for the town. In other words, one closer to town that might cost more for which money could be raised.

Don't be alarmed. I think a small amount of due diligence will get us to the right place. Will be in touch in a few days, after I've had a chance to talk with Fred who was there.

But meanwhile, let's no longer say that they voted. They're for the project and for our involvement at this amount, but in fact they haven't voted yet.

I know that'll need to happen before the next full board meeting in April.

Jim
